Amirhossein Esmaeili

Fullstack Developer

Fullstack developer with **7+ years** of software engineering experience specializing in ASP.NET and Node.js backend development and modern frontend frameworks like React. Focused on building scalable, responsive web applications.

WORK EXPERIENCE

Software Engineer
February 2023 - October 2023

The Brink Agency, Amsterdam

- Contributed to an award-winning website, receiving **160+** votes and an **8/10 score on Awwwards**.
- Implemented a **page builder** for Evidos empowering them to create engaging pages across their websites resulted in a **180% increase in traffic** to the Signhost website.
- Developed an E-commerce and E-finder for Koni integrated with SAP Resulted in **190.000$** sales in their **1200** products in 2023.

Software Developer
January 2021 - August 2022

NavaaCo, Tehran

- Created Imen Gostar **IOT** admin panel and connected **more than 200** of their customer's fire modules on a map for monitoring purposes.
- Automated the invoice processing workflow with ElectronJs, significantly reducing processing time and allowing the finance team to focus on strategic analysis rather than manual tasks.

Frontend Web Developer
October 2019 - July 2021

Afrang Art, Tehran

- Worked closely with designers and engineers to achieve project objectives, improving test coverage through **unit tests** (Jest) and **E2E tests** (Cypress).

Frontend Web Developer
January 2019 - September 2019

Stylett, Tehran

- Created a **marketplace** and an **admin panel** for Stylett's vendors to sell their products with the option of being fully **customizable** with twelve 2D and 3D different **configurators** and over **100 products**.

Junior Frontend Developer
February 2016 - November 2018

University of Mazandaran (Roshd)

- Worked on two mobile applications and two websites of **3 different startups** for the university.
- Experienced an **agile** environment and a better understanding of **Scrum**.
